January 15, 2018

Dear Parents/Guardians of students registered for Cosmetology and/or Esthetics in Semester 2:

As you are aware, over the past year Glenmary School has been undergoing modernization and new additions construction. The Eveline Charles Cosmetology and Esthetics Lab was scheduled to be completed by January 31, 2018. Due to unforeseen circumstances, such as the abatement of vermiculite (asbestos) and structural modifications, this project has fallen behind its targeted finish date.

Holy Family Catholic Regional Division has developed a plan to bridge the gap between the start of semester 2 classes and the completion of the Lab. We are in the process of setting up a temporary instructional space in a 60' by 12' portable trailer. This heated trailer will be located on the side of Glenmary school, with easy access for students.

Working closely with our cosmetology instructor, we will change the sequencing of the Cosmetology and Esthetics curriculum objectives, completing those, that lend themselves to such an instructional space, early in the semester. Once the Cosmetology/Esthetics Lab is ready, the remaining curriculum objectives will be the focus. Students will still have the opportunity to complete five CTS credits.

The anticipated completion date for the Lab is early April.

Glenmary School, Alberta Infrastructure, Jen-Col Construction, Bennett Architect Inc. and Holy Family Catholic Regional Division are working diligently to see that the Eveline Charles Cosmetology and Esthetics Lab is completed in a timely manner, fitted out with the most modern equipment and ready to offer Glenmary students the best facilities in the Peace River region.

If you have any questions or concerns, please do not hesitate to contact me. Thank you for your patience and understanding.

Yours in Christ

Betty Turpin  
Superintendent
